Updates to Iowa and Nebraska Secretary of State Business Filings

The Iowa Secretary of State recently announced a temporary partial closure of their office, which will impact business filers. The closure of the lobby is initially slated to continue through Friday, March 27. For those with business filings to make with the Iowa Secretary of State, many of the filings remain available through their electronic filing system. Same day and expedited filings will follow a different protocol, starting with a submission online and a follow-up email or phone call to the Secretary of State.

The Nebraska Secretary of State has not announced a closing of their lobby for business filings, but they are encouraging online submission and communication to avoid in-person contact.
